Re: **Air Force Village II Dining Room Addition & Remodel**  
5100 John D. Ryan Blvd.  
San Antonio, Texas

Tanguy,

First, I apologize that it has taken a few months to get this letter out to you. We have recently started to make a strong effort to recognize those who go above and beyond to get a job done. Our Project Manager, Jerry Graeber, has recognized CounterCraft as an exemplary subcontractor on this project and wanted to make sure you were properly recognized for your efforts. You, Lloyd Hartsfield, and your field staff, made a significant contribution to the success of this job.

Our client, Air Force Villages, is very pleased with the product CounterCraft fabricated and installed. This project won an Excellence-In-Construction Award through the South Texas Chapter of Associated Builders & Contractors and we've recently been informed that we'll be receiving a National Pyramid Award from ABC to be presented in a ceremony in Washington DC this June. There's no doubt the presentation of the finished product in the food service area and the challenging circumstances this project had to be built under played a significant role in our selection for this award. CounterCraft handled the challenges extremely well.

As a general contractor we rely heavily on a dedicated team of subcontractors, suppliers & employees to see projects through to a successful completion. We are fortunate to have CounterCraft on our team and we value your dedication and professionalism.

Keep up the good work and I look forward to seeing you on many more projects in the future. Please pass along our gratitude to your hard working crew that participated in this project.

Sincerely,

  
Michael J. Leonard,  
President  
Leonard Contracting, Inc.
